

TAKE ACTION

Alimjan Yimit

Prayer:

Keep Alimjan in prayer. Lift him up in your prayer group, church, or family. God says, "For where two or three are gathered in my name, there I am in the midst of them" Matthew 18:20. Pray for his wife Gulnur and their sons Nijat and Ynam.

Action:

It is important that a prisoner is kept in the public eye and not forgotten. When a prisoner is forgotten, s/he is at greater risk of mistreated, tortured, disappear and/or be killed.

Write to your government, your senators, your local representatives. Bring the prisoner to their attention. Countries like China, which state in their constitution that there is freedom of religion, and that they abide by the Universal Human Rights Declaration can often be pressured as to the treatment of prisoners when the world is watching.

Your Prayers & Actions make a difference!

Send a card, words of encouragement:

A way that you can encourage Alimjan is to mail him a simple card, especially on his birthday assuring him of our prayers.

"Dad often told me what a joy it was for him when he received a letter from us. It gave him renewed hope."

Paul Popov

Sending a card or a letter directly to the prison lets prison authorities know that Alimjan's situation is known in the West. This is often a benefit to the prisoner.

Our experience is that communist authorities pay great importance to their image abroad. This is why writing letters and petitioning on behalf of a prisoner is so important.
