

A Young Boy, His Bible, and God's Gift of a Miracle

Dear Friend,

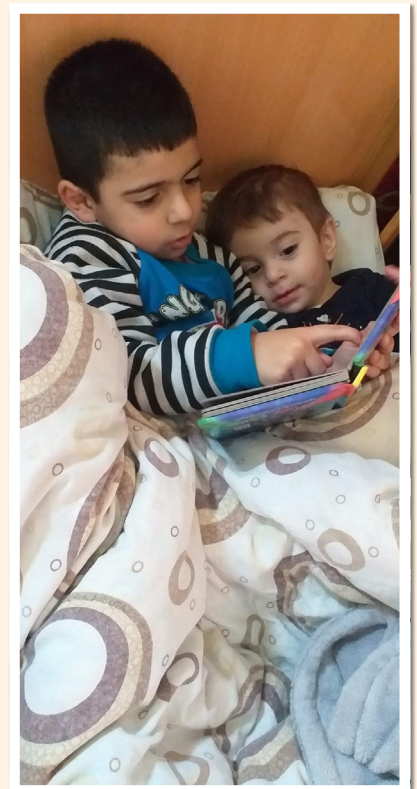

Second to the Bible, the most precious book in our home is our children's Bible. Possibly just like you, my wife Agneta and I used to read Bible stories with our kids at bedtime before praying together as a family. Stories like Apostle Paul's missionary travels, David and Goliath, and Meshach, Shadrach and Abednego in the fiery furnace inspired my children to believe that God is more powerful than the enemy and that He can overpower the enemy's schemes and evil plans, turning a bad situation into a good one.

Recently, my good friend Pastor Luke told me a story from his latest trip to Armenia. Thanks to you, we printed 10,000 Armenian children's Bibles last year and, because of one of these Bibles, this amazing miracle happened.

"In the town of Abovyan, Anushik wondered what to do with her little boy. Little Adrian had been running a high fever and no matter what she did, she could not get it to come down. Finally, she took him to the hospital and after the doctors ran many tests, they told her that the young child had a lung tumor. Anushik was greatly distressed because she had never seen her little boy so sick before. She was also confused because she and her husband were believers. She asked God, "Why is this happening to us?" Seemingly, answers did not come.

As Anushik sat by her boy in the hospital, she began to read to him from a children's Bible called "My First Bible" which had been given as a gift to her son. As she read, something very interesting happened. The mother of the child in the next bed asked Anushik if she could borrow the children's Bible to read to her sick child. That precious children's Bible was gradually passed from mother to mother in the hospital. Anushik then asked the church if they could give a children's Bible for all the sick kids in the hospital. The church gave her the children's Bibles, and soon, over 200 copies of "My First Bible" were handed out to families throughout the hospital wards!

Then came the best news of all - her son's tumor was gone. It had miraculously disappeared! Praise God! And, just as miraculous, several families began attending church after reading their children's Bible."

God's Timing is Everything

God used what appeared to be a completely hopeless and tragic situation to reach many hurting children and families in that one hospital in Armenia. Not only did God supernaturally heal Adrian, but God took souls out of the enemy's cruel clutches and now many of these families are following the Lord.

And it all began with a precious children's Bible!

Today the children's Bibles have been distributed not only in Armenia, but also throughout Nagorno Karabakh, Georgia, southern Russia, Iran, and elsewhere. Incredibly, requests from churches around the world continue to pour in for more of these Bibles.

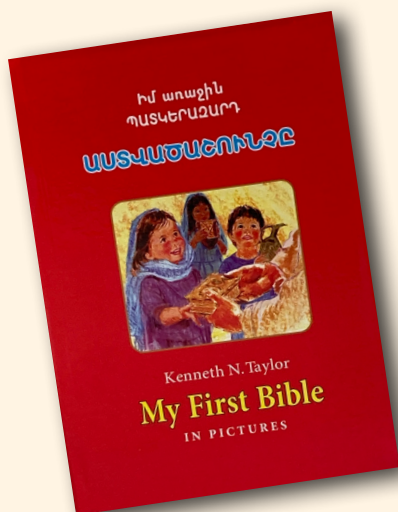

The reason is simple - we all need encouragement when faced with a difficult situation that, on the surface, appears it will overwhelm and defeat us. When a child needs comfort, there is no better place he or she can run to than Jesus and learning about Him in the Bible. God's Word provides His children direction, strengthens their resolve and helps them grow in faith.

The demand for these children's Bibles is great. We are hoping to print another 10,000 copies! At this moment, it **ONLY** costs \$2.50 to get one of these Bibles into the hands of an Armenian child.

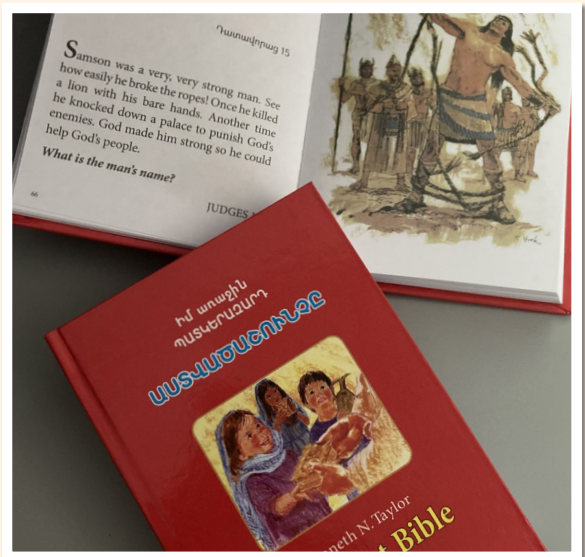

Can you help us meet some of the costs of printing these children's Bibles so that many more children can have the opportunity to grow in God's Word, and in Christ's love and salvation?

Your generous donations this month will encourage so many children and families like Adrian and Anushik!

Together in His Ministry,

Paul H. Popov, President

Yes Paul, I want to help get as many children's Bibles into the hands of families as possible.

- Here is my gift for children's Bibles.
- Use my gift where most needed/for ongoing ministries.
 - \$50 \$75 \$150 \$300 \$600 \$ _____
